

GRIFOLS
HEMOPHILIA AWARENESS
GLOBAL AWARDS

Aim to encourage health care providers, medical and paramedical centers as well as hemophilia societies to contribute to improve hemophilia patients' quality of life.

GRIFOLS

**GRIFOLS
HEMOPHILIA AWARENESS
GLOBAL AWARDS**

Aim to encourage health care providers, medical and paramedical centers as well as hemophilia societies to contribute to improve hemophilia patients quality of life.

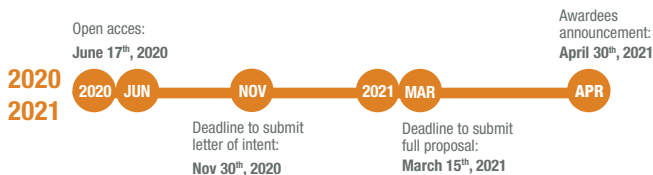

Submit your proposal to:

- **Improve education** for patients, families, caregivers, healthcare providers or patients advocacy groups (educational stages in other centers, workshops, pathology training and programs to educate patients and families);
- **Support outreach** by increasing disease awareness or access to diagnosis (endorse reference centers to work on better logistics or facilities, support national or local registries, help to develop hemophilia treatment centers processes);
- **Strengthen diagnosis** by helping to improve patients care and quality control in hemophilia treatment centers; or
- **Facilitate access to treatment** (support patient or family travel, improve logistics organization).

The program offers **5 awards with the maximum amount of €30,000 each** to participants whose proposals best match the program's objectives, while meeting all the selection criteria, as assessed by the Review Committee.

Applications will be accepted until November 30th, 2020

SUBMIT YOUR PROPOSAL NOW!!!
